# PULLUP BANNER SAFE WORK PROCEDURE

Base, Pole & Bag

Swivel the feel perpendicular to the base and insert the 3 pole lengths into each other.

Insert the pole into the hole in the base.

Anchor the base with your foot and pull the top rail of the banner upwards

Extend the banner to the top of the pole.

Place the hook on the top rail into the top of the pole.

Completed standard pullup banner from the side/back.

Completed standard pullup banner from the front.
